+2y

How many children are aware that every season has its fruit and vegetables to be grown and harvested? With this food set, teachers will help children learn the variety of fruit and vegetables for each season, in a funny and stimulating way. The aim is to encourage a healthy diet as a step towards a healthy life. Seasonal fruit and vegs are not only more tasty and flavored, but they should be preferred to processed food as they're far more nutritious and rich in vitamins. Eating fresh food is tasty and good for your health!

42111 - WRAP-UPS ADDITION

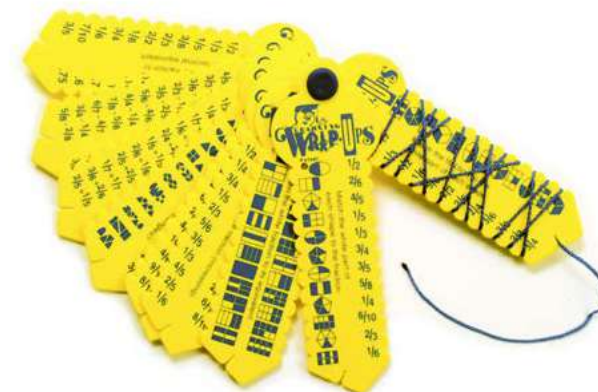

42112 - WRAP-UPS SUBTRACTION

42113 - WRAP-UPS MULTIPLICATION

42114 - WRAP-UPS DIVISION

42115 - WRAP-UPS FRACTION

### HOW TO USE WRAP-UPS

1. Unwind the string as shown in the picture.
  2. Hold the Wrap-ups at the top with your thumb placed as shown.
  3. Begin with the string at the first notch on the top left side of the board.
  4. Read the number, letter or symbol and draw the string across the board to the notch on the right side that corresponds to the correct answer.
  5. Draw the string around the back of the board to the second notch on the top left side and find the correct answer on the right side. Continue down the board one notch at a time, selecting the correct answer. When finished, draw the string up through the notch at the bottom to hold it securely.
- SELF-CORRECTING - Turn the board over. If you used Wrap-ups correctly and chose the right answers, the string will cover the lines on the back of the board.
